# Accessory Windows

## Casement

Things couldn't be easier with our beautiful and functional vinyl casement windows. There's no need to stretch to reach a top lock because the window unlocks with one easy-to-reach latch. Available in single or multi-unit combinations, our casement windows offer smooth operation and maximum ventilation. Add a breath of fresh air to any room in your house with a Harvey vinyl casement window.

- ENERGY STAR® qualified with optional ENERGY STAR glazing package
- Single latch, multi-point locking system on casement secures window in multiple locations
- Window opens to a 90° angle for easy cleaning from the inside
- Optional simulated double hung meeting rail
- Available with optional Harvey Virtually Invisible Enhanced Window Screen (VIEWS)

## Rolling

Our rolling windows are easy to operate and an ideal choice for porches, family rooms, additions, multi-unit apartments buildings, condominiums and more. They operate with fingertip ease on a set of brass rollers. A half screen is included and a full screen is optional.

- ENERGY STAR® qualified with optional ENERGY STAR glazing package
- Vinyl head expander
- Aluminum sill angle
- Double locks on windows with opening height of 36-3/8" or greater
- Available with optional Harvey Virtually Invisible Enhanced Window Screen (VIEWS)

A series of rolling windows and transoms

## Picture

Take in the great outdoors with our picture window. Use by itself or combine with casement and/or double hung windows for more sweeping views and greater air circulation.

- ENERGY STAR® qualified with optional ENERGY STAR glazing package
- Vinyl head expander
- Aluminum sill angle
- Full 3-1/4" frame

## Designer Shapes

Thanks to our special vinyl forming process, you can add variety and individuality to your home with designer shapes. Our specialty shapes, including octagons, triangles, roundtops and full circles, offer unlimited opportunities to customize your windows. We also offer numerous grid options to enhance your interior design possibilities. Wood as well as composite trim can be specified on any specialty window for added value and beauty.

- ENERGY STAR® qualified with optional ENERGY STAR glazing package
- 100% virgin PVC provides strength and beauty
- Shapes available – half-round, quarter round, oval, elliptical, segmental, extended segmental, geometric shapes as well as many other styles and grid configurations

A segmental designer shape mullied to a pair of double hungs

## Awning

The unique style and impressive ventilation of the awning window has made it a popular product in newly remodeled homes. This window tilts outward from the bottom by turning the compact folding handle. Spice up a larger opening with an awning window mulled below a picture window.

- ENERGY STAR® qualified with optional ENERGY STAR glazing package
- Fiberglass screen
- Available in fixed or venting units
- Available with optional Harvey Virtually Invisible Enhanced Window Screen (VIEWS)

## Hopper

The Harvey hopper window is an excellent choice for basement applications. This window tilts in from the top with a gentle tug on the handle. The hopper includes a full screen and is custom made to fit your opening. This is especially valuable when dealing with masonry openings.

- ENERGY STAR® qualified with optional ENERGY STAR glazing package
- Vinyl head expander
- Fiberglass screen
- Aluminum sill angle
- Available with optional Harvey Virtually Invisible Enhanced Window Screen (VIEWS)

Picture windows mulled to awnings for a truly unique and charming look

## Bay & Bow

- Custom manufactured to fit virtually any opening
- Factory assembled for easy installation
- No exposed joints or caulking on exterior of unit
- “L” style nail fin along jambs
- Head & insulated seat boards available in oak or birch veneer
- Cable support system included & required for all bay and bow windows
- Multi-point lock on all casements
- All roof systems are fully framed and sheathed in 1/2” plywood
- Available with optional Harvey Virtually Invisible Enhanced Window Screen (VIEWS)

Vinyl bay windows combine traditional style with the convenience of maintenance-free vinyl at either 30° or 45° angles. They are available using casement or picture windows as well as Tribute, Classic, Slimline and Signature double hung windows.

Vinyl bow windows appear more rounded in projection as they are comprised of windows at a 10° angle. They are available using casement or picture windows as well as Tribute, Classic, Slimline and Signature double hung windows.

## Painted Aluminum Roof Colors:

## Custom Roof Systems

Top your bay or bow window off with a custom roof system from Harvey Building Products. Systems are supplied as a one-piece unit ready for installation. Choose from genuine copper, painted aluminum or structural roofs that are ready to be finished with asphalt or wood shingles.

Not all grid styles and configurations available for each product. Ask your local contractor or visit [harveybp.com](http://harveybp.com) for details.

## interior trim/exterior casing Available for select new construction products only.

2-1/4" Beaded Col.

Harvey interior trim kits provide a precision fit and quality workmanship. Kits are available in six popular profiles in either clear or pre-primed pine.

3" flat with sill nose

To enhance the beauty of your window, Harvey also offers maintenance-free vinyl exterior casing. The factory-applied casing with fusion-welded corners eliminates the need for exterior caulking and produces a clean, upscale look.

3-1/2" Windsor

908 with sill nose

Other trim and casing styles available, including PVC surrounds. Ask for details.

## extension jambs

- Primed finger joint or clear pine
- 4-9/16"
- 6-9/16"
- Custom sized up to 7-1/4" wall

## exterior colors Exterior colors are paint finishes and are available for products with white or almond interior only.

## interior colors Interior colors are clear-through vinyl colors.

Due to printing limitations, finishes and colors shown are for representation only.

For the most up to date structural and thermal performance values, as well as other product specifications, visit [harveybp.com](http://harveybp.com).

**Base:** This package is always the least expensive version of a particular product. In most cases, it is simply made up of clear insulated glass. This glazing package does not qualify for ENERGY STAR.

**ENERGY STAR:** This package includes everything that is needed for a product to meet ENERGY STAR requirements. Glazing, gas, glass thickness, etc. will vary by window and usually includes Low-E coating and Argon gas. This glazing package does qualify for ENERGY STAR.

**High Performance:** This package is available on our premium Tribute windows as well as select accessory windows with Tribute glazing. It incorporates triple glazing and Krypton gas for maximum energy efficiency. This glazing package exceeds ENERGY STAR requirements.

**U-factor** measures the rate of non-solar heat transfer from one side of the window to the other. Heat transfer implies both heat loss out of a living space during cold weather and non-solar heat gain during hot summer months. The lower the U-factor, the better the performance.

**R-value** measures the resistance of a glazing material or fenestration assembly to heat flow. A high R-value window has a greater resistance to heat flow and a higher insulating value than one with a low R-value.

**Solar Heat Gain Coefficient (SHGC)** measures how well a product blocks heat from the sun. The lower the SHGC, the better a product is at blocking unwanted heat gain.

**Visible Transmittance (VT)** measures how much light comes through a product. The higher the VT, the more light that comes through.

## About Harvey Building Products

Harvey has built a solid reputation as a leading manufacturer and distributor of quality building products. A family-owned and operated business with 50 years' experience, Harvey Building Products is known for outstanding craftsmanship and superior service as well as standing behind every product we make. In addition to manufacturing durable, attractive windows, doors and patio rooms, Harvey distributes a full line of highly respected building products to professional contractors and builders throughout the Northeast.

We understand what it takes to be part of your home.™
